Serious Occurrence Policy and Procedures

Purpose

The purpose of this policy and the procedures within is to provide clear instructions for staff, students and volunteers to follow for how to identify, respond to and report a serious occurrence. It ensures that there is a plan to deal with any serious incidents that may affect the health, safety and well being of children and those working directly with children, and that these serious incidents are addressed by Angus Valley Montessori and reported to the Ministry of Education for review.

This policy is intended to fulfill the obligations set out under Ontario Regulation 137/15 for policies and procedures with respect to serious occurrences for Angus Valley Montessori School. This policy requires that an annual review be conducted of serious occurrences that took place over the last calendar year for an opportunity to reflect on the incidents that took place and consider approaches that will be implemented to minimize the chance that the incidents will occur again in the future.

Note: definitions for terms used throughout this policy are provided in a Glossary at the end of the document.
